Max™

Independence in the palm of your hand!

MaxPanel™

MaxPort™

enhanced
vision

For a powerful and affordable digital magnifier that is simple to use – look no further than Max. Use this lightweight, hand-held portable device on any straight or curved surface to magnify images and text from 15x to 28x! Move Max over books, newspapers, magazines or even medicine labels and read with ease. Max connects quickly to any TV or monitor and is ideal for use at work, school or even on vacation. The optional MaxTrak gives you even greater control and lets you guide Max smoothly from one surface to the next. For the ultimate in reading comfort and control at a reasonable price – choose Max!

MaxPort

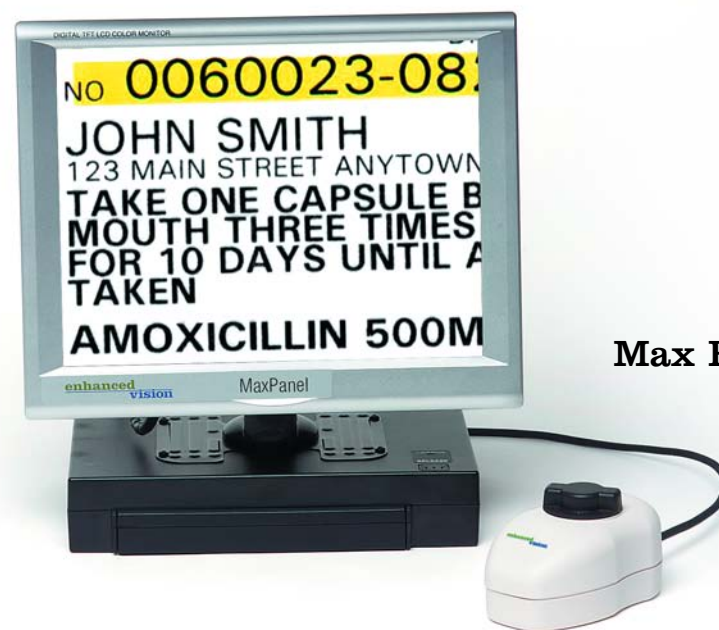

The MaxPort adds a pair of comfortable, lightweight electronic glasses to the Max. The perfect solution for professionals, students, or active seniors, MaxPort lets you read almost anything – anywhere! View magnified images on your own built-in TV's, right before your eyes. A rechargeable battery pack completes the package.

MaxPort

Max Panel

The Max Panel incorporates Max with a 10" LCD screen attached to a rechargeable battery power pack. Ideal for use on-the-go, Max Panel runs up to five hours without recharging. View full-color, magnified images on a slim, portable screen. Flexible soft case included.

Max Panel

Max product line features:

- Max magnifies images on any surface, curved or straight from 15x to 28x
- Four viewing modes that can be changed with a push of the button: full color, black & white, high-contrast negative and high-contrast positive
- Optional MaxTrak, writing stand and soft case
- Connects to any TV in seconds
- Computer compatible
- USB connectivity
- One-year limited warranty

Soft Case

“My Max is connected on the kitchen counter and I use it for viewing medicine bottles, recipe cards and bills.”

– Rosanna Clark,
college student
